Health is...wellness

With over thirty years experience, New Age Italia has become a key player in the electro-medical industry, supplying an extensive range of reliable portable rehabilitation and physiotherapy equipments of **electrotherapy, TENS, magnetic field therapy, ultrasound, laser, diathermy and cryotherapy**. Through continuous development and employment of cutting-edge design technology, it has always offered a product that is advanced and fine-tuned in every detail.

Some of the most important results of this evolution are the series Pro Line and Hi-Performance Line, which are highly versatile and reliable and give the operator the full control of the therapy parameters. New Age Italia's wide product range provides a concrete therapy and training support system for all practitioners and for those wanting to maintain in good health at any age and model their body.

SUMMARY PRICE LIST

1. MAGNETOTHERAPY

POCKET EMAVIT WITHOUT BATTERY	Pag. 6
POCKET EMAVIT WITH RECHARGEABLE BATTERY	Pag. 6
POCKET MAGNETER	Pag. 7
MAGNETER PRO	Pag. 7

2. TENS - ELECTROSTIMULATION - IONOPHORESIS

i-TENS TERAPIX	Pag. 9
NEW POCKET FIT 4	Pag. 9

GENERAL ACCESSORIES	Pag. 41

ITEM CODE: **PF1201022**

NEW POCKET EMAVIT WITHOUT BATTERY

New Pocket Emavit is the new low-frequency magnetotherapy device, easy to use with reduced dimensions. It is ideal for medical and home applications with its 25 pre-set programs for the treatment of the most common pathologies. New Pocket Emavit also contains 10 free programs to realize personalized therapies for all kind of patients. Power supply: power mains. 120 Gauss (60 Gauss for each solenoid).

€ 318,00

ITEM CODE: **PF0701011**

POCKET MAGNETER

New Pocket Magneter is the new low-frequency magnetotherapy device, easy to use with reduced dimensions. New Pocket Magneter is ideal for medical and home applications with its 68 pre-set programs for the treatment of the most common pathologies. New Pocket Magneter also contains 20 free programs to realize personalized therapies for all kind of patients. Power supply: rechargeable battery and power mains. 120 Gauss (60 Gauss for each solenoid).

€ 430,00

ITEM CODE: **PF1201009**

NEW POCKET EMAVIT WITH RECHARGEABLE BATTERY

New Pocket Emavit is the new low-frequency magnetotherapy device, easy to use with reduced dimensions. It is ideal for medical and home applications with its 25 pre-set programs for the treatment of the most common pathologies. New Pocket Emavit also contains 10 free programs to realize personalized therapies for all kind of patients. Power supply: rechargeable battery and power mains. 120 Gauss (60 Gauss for each solenoid).

€ 342,00

ITEM CODE: **PF0701012**

MAGNETER PRO

Magneter Pro is a professional device for magnetotherapy, characterized by the simplicity of use and by the emission of low-frequency magnetic fields. Thanks to the solenoids in endowment it is possible to make applications on the whole body without problems. Magneter PRO includes 72 preset programs with parameters for the most common applications and works by power mains and the possibility to add 20 free protocols. Applications: fractures, arthrosis, osteoporosis.

TECHNICAL FEATURES

Power supply: 230V - 50/60Hz

Output channels: 2 independent

Programs: 72 preset programs + 20 free programs

Display: 4,3" LCD touch screen

Frequency (Hz): 1-100

Output: continuous

Power: max 200 Gauss (4x50 Gauss)

€ 1.880,00

TENS ELECTROSTIMULATION IONOPHORESIS

TENS (t) ELECTROSTIMULATION (e) /IONOPHORESIS (i)

ITEM CODE: **PF0301004**

i-TENS TERAPIX

iTens Terapix is the new portable electrostimulator for everyday wellbeing that is particularly suitable for treating the commonest forms of pain. The memory contains 12 basic preset programs for all types of stimulation: iTens Terapix has two independent channels for connecting up to four electrodes to stimulate two different parts of the body simultaneously. You can use the device on two different persons at the same time, adjusting the treatment intensity independently in accordance to each patient's sensations. **Power supply: batteries. 12 preset programs. Carrybag included.**

€ 115,00

NEW PRODUCT 2023

ITEM CODE: **PF1201051**

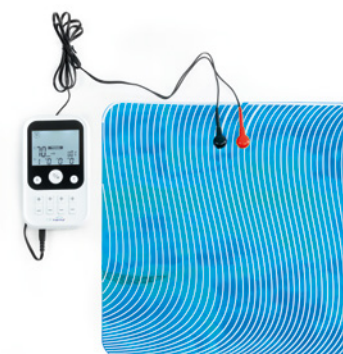

NEW POCKET FIT 4 mod. R-C101C (t+e)

Renewed in design and functionality, the portable electrostimulator **offers 2 modes (TENS and EMS) and 4 independent channels**, allowing simultaneous stimulation on different areas of the body or on different people during the same session. Rechargeable battery supply. **50 total programs (TENS 18 preset + 12 free; EMS 11 preset + 9 free).**

Standard endowment: device, suitcase, 4 pairs of 50*50 electrodes, electrode cables, USB cable and battery charger.

€ 220,00

NEW PRODUCT 2023

ITEM CODE: **PF1201052**

NEW POCKET FIT 4 mod. R-C101C + BIOELECTRIC MASSAGE PAD

New Pocket Fit 4 combined with the bioelectric massage pad allows you to perform electrotherapy sessions in a totally innovative way. The bioelectric pad, whose dimensions are 48x48cm, allows you to apply therapy on large areas of the body. It is perfect for performing **massages in the dorsal area, lumbar, massage calves and feet**. The massage pad does not require conductive gel, just lay the area of the body to obtain the desired stimulation. No need to use adhesive electrodes of limited duration.

€ 248,00

ITEM CODE: **PF1201058**

POCKET PHYSIO URO VAGINAL PROBE (2 WAVEFORMS) (t+e)

The Pocket Physio Line includes a new electrostimulator specific for urogynecological applications: the URO model. For the pelvic functional recovery the device is endowed with special probe for personal use. Its software includes 20 pre-set programs for the most common applications and 4 free programs for setting personalised programs. The double feeding: rechargeable battery and power mains. It is so easy to use that the patient can make applications alone at home. (2 waveforms) (Vaginal Probe)

€ 398,00

ITEM CODE: **PF1201078**

POCKET PHYSIO URO WITH ANAL PROBE (2 WAVEFORMS) (t+e+i)

The Pocket Physio Line includes a new electrostimulator specific for urogynecological applications: the URO model. For the pelvic functional recovery the device is endowed with special probe for personal use. Its software includes 18 pre-set programs for the most common applications and 10 free programs for setting personalised programs. The double feeding: rechargeable battery and power mains. It is so easy to use that the patient can make applications alone at home. (2 waveforms) (Anal Probe included)

€ 398,00

ITEM CODE: **PF1201060**

POCKET PHYSIO IONOTENS (2 WAVEFORMS) (t+i)

The Pocket Physio Line includes a new electrostimulator specific for analgesic and anti-inflammatory applications: the IONOTENS model. Its software includes 34 pre-set programs for the most common applications and 4 free programs for setting personalised programs. The double feeding: rechargeable battery and power mains. It is so easy to use that the patient can make applications alone at home. It issues analgesic tens, ionophoresis, iontoforesis and anti-inflammatory currents.

€ 498,00

ITEM CODE: **PF1201062**

POCKET PHYSIO REHAB (5 WAVEFORMS) (t+e)

The Pocket Physio Line includes a new electrostimulator specific for the post-injury rehabilitation on healthy and denervated muscles: the REHAB model. Its software includes 58 pre-set programs for the most common applications and 10 free programs for setting personalised programs. The double feeding: rechargeable battery and power mains. It is so easy to use that the patient can make applications alone at home.

€ 598,00

ITEM CODE: **PF1201059**

POCKET PHYSIO PRO (10 WAVEFORMS) (t+e+i)

Portable professional electrostimulator for physiotherapy; software with emission of all electrotherapy currents for analgesic and anti-inflammatory applications, post-injury rehabilitation of healthy and denervated muscles, urogynecological therapy. The 2 independent channels allow a differentiated stimulation in the different muscles and the interactive display allows the contemporary selection of 2 different programs (for example in the case of the simultaneous treatment of two patients who have different needs). The software includes 94 pre-set programs and 10 free. Double feeding: rechargeable battery and power mains.

€ 780,00

ITEM CODE: **PF1201006**

BIOPHYSIO (t+e+i)

Professional electrostimulator for physiotherapy; it issues all kind of electrotherapy waves for analgesic and anti-inflammatory applications, post-injury recovery of healthy and denervated muscles, urogynecological therapy. The software includes 50 pre-set programs; it works by power means. Thanks to the Modul Line system, it is possible to combine Biophysio with up to 2 other devices for Magnetotherapy and Ultrasound therapy. **Waveform: 10 (tens, ems, iono, kotz, farad, exp, triang...)**
Impulse duration: 50 µs - 800 ms. Frequency 1-2500 Hz. Power: max 120 mA

€ 895,00

PRESSOTHERAPY

PRESSOTHERAPY

NEW PRODUCT 2023

ITEM CODE: PF0901007

NEW FARMA PRESS DIGITAL 8 BEAUTY mod. F03001

endowed with **total body accessory only**

€ 880,00

Total body:
Waist circumference: 100cm
Thigh circumference: 64cm

Calf circumference: 56cm
Total length: 125cm
Leg length: 90cm

ITEM CODE: PF0901009

NEW FARMA PRESS DIGITAL 8 mod. F03001

endowed with **1 pair of leg cuffs, waist cuff and arm cuff**

€ 980,00

ITEM CODE: PF0901008

NEW FARMA PRESS DIGITAL 8 PLUS mod. F03001

endowed with **1 pair of leg cuffs, waist cuff, arm cuff and total body**

€ 1180,00

Sequential professional pressotherapy equipped with waist cuff, arm cuff and a pair of leg cuffs, with 8 separate overlapping sections, complete with foot, calf and thighs to stimulate both legs simultaneously. 6 different pressurization programs including sequential program and peristaltic. Single output channel to use two accessories simultaneously (e.g. two legs).

The pressure can be set from 30 to 250 mmHg.

Time interval from 10 to 60 minutes.

Power supply: 110/230V - 50/60Hz.

Leg cuff dimension: diameter at upper part of the thigh 72cm, knee 60cm and ankle 40cm. Length 95cm.

Equipped with remote control.

AVAILABLE FROM 01/06/2023

ITEM CODE: PF0901004

LIMPHA PRO

Professional digital 2-channel pressotherapy with 6 sections. It is equipped with 1 arm cuff, 1 abdominal band, a couple of 6 section separate legs, complete with foot, calf and thighs. 6 different pressurization programs.

The pressure of each air chamber can be set from 0 to 200 mmHg.

Time range from 0 to 95 minutes.

Power supply: 110 / 230V - 50/60 Hz.

Basic equipment: 2 legs, 1 band, 1 cuff.

€ 3.290,00

Medical Devices

ULTRASOUND THERAPY

ULTRASOUND THERAPY

ITEM CODE **PF1201024**
POCKET SONOVIT

New Pocket Sonovit is the latest professional device for ultrasound therapy. It is easy to use and allows many applications. Both probe and device, in fact, are able to supply vibrations for the execution of various therapeutic applications. New Pocket Sonovit contains pre-set programs for the more common applications; it functions by power mains and with an internal rechargeable battery. **20 therapeutic programs + 10 aesthetic programs + 10 free programs. Endowed with carry bag and probe suitable for underwater treatments.**

€ 598,00

ITEM CODE: **PF0201001**
BIOSONYC

Biosonyc is a professional device for ultrasound therapy (1/3 MHz). Both probe in endowment and device can issue the suitable frequencies for all types of superficial and deep applications (both therapeutic and aesthetic). Thanks to the Modul Line system it is possible to combine Biosonyc with up to 2 other devices among Magnetotherapy, Electrotherapy and Ionophoresis devices. Frequency 1/3 MHz. Modulations 1/2, 1/5, 1/10. Power 3W/cm². Programs: 20 Applications: tendonitis, arthritis, beauty applications.

€ 1.090,00

ITEM CODE: **PF0201007**
ITEM CODE: **PF0201005 (WITH HANDLE)**
FARMASONYC CARD PRO 1/3MHz

Double transmission frequency (1/3 MHz). Farmasonyc Card is the brand new equipment for ultrasound therapy. What makes it outstanding is its small size and the double frequency of emission (1/3 MHz). Both probe in endowment and equipment are in fact able to issue both indicated frequencies, in order to carry out every kind of therapeutic and beauty application. Farmasonyc Card is also provided with an interchangeable Card containing the memories of the programs, both 33 pre-set protocols with the parameters for the most common applications and 20 free protocols in order to set new programs. Farmasonyc Card can always be used without interruptions thanks to the double feeding (rechargeable battery and power mains).

€ 1.880,00

ITEM CODE: PF1201025

POCKET LASERVIT

New professional device for laser therapy. It is very easy to use and has many applications. The probe can issue a light, useful for manifold therapeutic applications.

New Pocket Laservit includes 10 pre-set programs for the most common applications and 10 free programs. Double feeding: rechargeable battery and power mains.

Output power 500 mW (5 diodes for 100 mW); wavelength: 4 infrared diodes (940 nm) and 1 red diode (660 nm). New Pocket Laservit is equipped with a carry case for transport and home therapy.

€ 598,00

LASERTHERAPY

NEW
PRODUCT

ITEM CODE: **PF1201085**

KIMAGE THERAPY

Kimage Therapy is a new electromedical device for shock wave radial therapy which combines all the scientific discoveries with the most recent technologies.

An accurate pneumatic system generates powerful therapeutic shockwaves which normally would imply a surgery approach. It has preset programs for the treatment of those pathologies usually treated with this technology. .

Preset therapies

Adjustable pressure and frequency

Intensity: 1 - 5 Bar

Frequency: 1 - 22 Hz

ITEM CODE: **PF1001059**

FARMA BIKE B-2 ACTIVE/PASSIVE MOBILIZATION

FARMABIKE B-2 is the new device for active **and passive rehabilitation for both legs and hands**. Stable and resistant, Farmabike B-2 works on hand and wrist, arms and legs. Endowed with **two independent motors**, it allows to use upper and lower limbs separately or together. 15-20 minutes of usage are equivalent to 30 minutes of exercise. Up to 15 selectable speeds. Calories count. Large, easy-to-read-LCD screen. Weight 18Kg

€ 748,00

AVAILABLE FROM **01/07/2023**

ITEM CODE: **PF1001024**

FARMATEK L-1 LOW LIMBS REHABILITATION

Farmatek L-1 is the new device for CPM (Continuous Passive Motion) for rehabilitation of ankle and knee joint. Speed traction, angle, extension and time can be set according to patient's needs. Endowed with a remote controller, it allows to safely stop and restart the therapy and to reverse traction direction. Memory function: saves each selected parameter for the following session. Large, easy-to-read-LCD screen. Simple, user-friendly control panel.

Moving distance of platform for knee: 0-410 mm
Moving distance of platform for ankle: 0-170 mm
Adjusting range of supporting frame: 300-620 (mm)
Extension range for knee: -5 - 120°
Extension range for ankle: -30°-0-60°
Platform's traction: 180-840 (N)
Moving speed platform: 0-10.5 (mm/s)
Treatment time: 0-250 (min.)
Weight: 21 kg.
Dimensions: 920x270x425 mm
Power supply: 50Hz / 220V / 80VA

€ 3.000,00

MASSAGE BEDS/CARTS

ITEM CODE: **PFOOLET002**
URANO | PORTABLE COUCH FOR MASSAGE

Massage bed in solid beech wood and features a sturdy build, designed for comfort, safety and durability. It is covered in a thick 4cm layer of high density encapsulated foam. This provides a comfortable and relaxing sensation during rehabilitation or massage therapy. It is a complete product, equipped with headrests and side and front arm rests; when folded, it's easy to carry around thanks to its handle. **Maximum load capacity 200kg evenly distributed. The height is adjustable (61-86cm) to have more comfortable treatments. Dimensions: 185x70x(61-86cm). Packaging dimensions: 95x75x19,5cm. Net weight: 16kg**

C O M M E R C I A L C O N D I T I O N S

- All prices are in euro (€) without any taxes
- The price list may varies during the year (at the manufacturer's discretion) as required by currency fluctuations.

All prices include usual packaging.

Dispatch and delivery costs are at purchaser's responsibility.

Technical characteristics and data (of all appliances) are not binding and may be modified without warning at the total discretion of the manufacturer.

DISCOUNTS: Important quantities will be quoted time by time

PAYMENT CONDITIONS:

- IN ADVANCE, before shipping, with bank transfer,

WARRANTY:

- **Electro-medical appliances are guaranteed for 2 (TWO) years for all manufacturing defects.**
- The devices are guaranteed for a period of 24 months from the date of purchase as stated by the receipt invoice, consignment note, or other document (including a photocopy of the above documents) indicating the purchase date and conditions stipulated below. In the absence of a document proving the purchasing date, all assistance is at the client charge.
- The warranty consists in the free replacement or reparation of the electronic components of the device that are recognize to be faulty as a result of manufacturing defects.
- The warranty does not cover the batteries, electrical cables and cords, aesthetic parts, optical guides, indicator lights, and all parts subject to normal wear and tear. Are excluded also parts which result having any faults as a result of negligence or incorrect use, incorrect installation and maintenance, intervention by unauthorized personnel, movement conducted without adequate precautions, and any other circumstances that cannot be directly attributed to manufacturing defects.
- The manufacturing company declines all responsibility for any direct or indirect damage to persons or things as a result of an incorrect use of the equipment, which must be applied on the basis of a medical prescription or in compliance with all the precautions indicated in the relevant manual of instructions for use.
- The device will be repaired by one of the manufacturer's authorized laboratories. Transport costs and risks to and from the above mentioned laboratories are at the purchaser's charge.
- The replacement of the device are excluded.
- The extension of the warranty could be made for other 6 months (paying an extra cost) after the expiration of the normal warranty.
