ITEM CODE: **PF1201022**

## **NEW POCKET EMAVIT WITHOUT BATTERY**

New Pocket Emavit is the new low-frequency magnetotherapy device, easy to use with reduced dimensions. It is ideal for medical and home applications with its 25 pre-set programs for the treatment of the most common pathologies. New Pocket Emavit also contains 10 free programs to realize personalized therapies for all kind of patients. Power supply: power mains. 120 Gauss (60 Gauss for each solenoid).

ITEM CODE: **PF1201009**

## **NEW POCKET EMAVIT WITH RECHARGEABLE BATTERY**

New Pocket Emavit is the new low-frequency magnetotherapy device, easy to use with reduced dimensions. It is ideal for medical and home applications with its 25 pre-set programs for the treatment of the most common pathologies. New Pocket Emavit also contains 10 free programs to realize personalized therapies for all kind of patients. Power supply: rechargeable battery and power mains. 120 Gauss (60 Gauss for each solenoid).

ITEM CODE: **PF0701011**

## **POCKET MAGNETER**

New Pocket Magneter is the new low-frequency magnetotherapy device, easy to use with reduced dimensions. New Pocket Magneter is ideal for medical and home applications with its 68 pre-set programs for the treatment of the most common pathologies. New Pocket Magneter also contains 20 free programs to realize personalized therapies for all kind of patients. Power supply: rechargeable battery and power mains. 120 Gauss (60 Gauss for each solenoid).

# TENS ELECTROSTIMULATION IONOPHORESIS

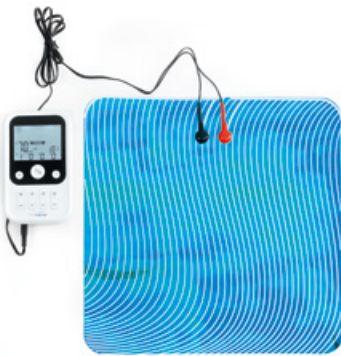

ITEM CODE: **PF1201051**

## NEW POCKET FIT 4 mod. R-C101C (t+e)

Renewed in design and functionality, the portable electrostimulator **offers 2 modes (TENS and EMS) and 4 independent channels**, allowing simultaneous stimulation on different areas of the body or on different people during the same session. Rechargeable battery supply. **50 total programs (TENS 18 preset + 12 free; EMS 11 preset + 9 free).**

### **POCKET PHYSIO URO VAGINAL PROBE (2 WAVEFORMS) (t+e)**

The Pocket Physio Line includes a new electrostimulator specific for urogynecological applications: the URO model. For the pelvic functional recovery the device is endowed with special probe for personal use. Its software includes 20 pre-set programs for the most common applications and 4 free programs for setting personalised programs. The double feeding: rechargeable battery and power mains. It is so easy to use that the patient can make applications alone at home. (2 waveforms) (Vaginal Probe)

ITEM CODE: **PF1201078**

### **POCKET PHYSIO URO WITH ANAL PROBE (2 WAVEFORMS) (t+e+i)**

The Pocket Physio Line includes a new electrostimulator specific for urogynecological applications: the URO model. For the pelvic functional recovery the device is endowed with special probe for personal use. Its software includes 18 pre-set programs for the most common applications and 10 free programs for setting personalised programs. The double feeding: rechargeable battery and power mains. It is so easy to use that the patient can make applications alone at home. (2 waveforms) (Anal Probe included)

ITEM CODE: **PF1201060**

### **POCKET PHYSIO IONOTENS (2 WAVEFORMS) (t+i)**

The Pocket Physio Line includes a new electrostimulator specific for analgesic and anti-inflammatory applications: the IONOTENS model. Its software includes 34 pre-set programs for the most common applications and 4 free programs for setting personalised programs. The double feeding: rechargeable battery and power mains. It is so easy to use that the patient can make applications alone at home. It issues analgesic tens, ionophoresis, iontoforesis and anti-inflammatory currents.

ITEM CODE: **PF1201062**

### **POCKET PHYSIO REHAB (5 WAVEFORMS) (t+e)**

The Pocket Physio Line includes a new electrostimulator specific for the post-injury rehabilitation of healthy and denervated muscles: the REHAB model. Its software includes 58 pre-set programs for the most common applications and 10 free programs for setting personalised programs. The double feeding: rechargeable battery and power mains. It is so easy to use that the patient can make applications alone at home.

ITEM CODE: **PF1201059**

### **POCKET PHYSIO PRO (10 WAVEFORMS) (t+e+i)**

Portable professional electrostimulator for physiotherapy; software with emission of all electrotherapy currents for analgesic and anti-inflammatory applications, post-injury rehabilitation of healthy and denervated muscles, urogynecological therapy. The 2 independent channels allow a differentiated stimulation in the different muscles and the interactive display allows the contemporary selection of 2 different programs (for example in the case of the simultaneous treatment of two patients who have different needs). The software includes 94 pre-set programs and 10 free. Double feeding: rechargeable battery and power mains.

### AC0008002 - KEEPING BELT FOR SOLENOIDS IN LEATHERETTE + ELASTIC BAND

Compatible with all magnetotherapy devices

**BRAND NEW** band in which a pair of solenoids can be comfortably housed. Thanks to this new applicator it is possible to comfortably treat areas such as the shoulder, back, hip, knee and ankle.

Its **padding** makes applications **easy and comfortable**.

The **abundant space** in the two pockets allows you to position the solenoids inside in the **exact points** where you want to apply the therapy, thus making it a versatile band for all parts of the body. Easy to clean thanks to its imitation leather covering.

### AC0007040 - TOTAL BODY A 8 SECTIONS

For New Farma Press Digital 8 mod FO3001

New **TOTAL BODY** accessory for pressotherapy, allows you to treat the entire body in one go from the feet to the abdomen, including the **hips and buttocks**, something that classic leggings normally cannot treat.

Total body measurements: Total length: 125 cm  
Leg length: 90 cm

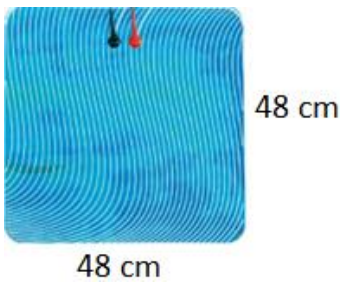

### AC0001044 - BIOELECTRIC MASSAGE PAD

Compatible with all electrotherapy devices (both clip-on and plug-in)

New accessory for electrotherapy, thanks to its advanced **flexible conductive film technology**, it is able to transmit electrical impulses simply by placing the affected part of the body. It allows you to:

- ✓ **massage and relax** tired feet and calves
- ✓ perform **aesthetic sessions** in a large area such as the thighs and buttocks
- ✓ carry out wide-ranging **pain relief treatments** in the lumbar and dorsal area
